

RESERVATION CHANGE REQUEST

I, _____, hereby request that Elio Motors, Inc. process a change regarding my current reservation. I currently hold a refundable reservation for an Elio with all of the corresponding benefits which were fully explained on the Eliomotors.com website at the time I completed my reservation. I now wish to change my reservation to a *non-refundable* reservation which will allow me the additional benefits that have been fully explained on the Eliomotors.com website.

I acknowledge that I have reviewed and accept the terms and conditions as explained on the website. I understand that by changing my reservation I am now “all in” and that the funds I previously provided to Elio Motors are **not** refundable. I understand the “Elio” is still in the development stage. I also understand that until this point in time my deposit has been held in a separate escrow account but will be transferred out of escrow based upon its non-refundable nature.

Further, based on the date of the placement of my reservation I was provided a place in line to receive an Elio under the terms set forth on the Eliomotors.com website and by transferring my reservation to a non-refundable status my position will now be modified to comply with the reservation format as set forth on the Eliomotors.com website.

DATED this _____ day of _____ 20__.
